The image shows two dark, cylindrical reverse pumps (반송펌프) lying on a light-colored, possibly concrete, surface. Each pump has a thick, dark hose attached to its top, and several thin, dark cables or wires are also connected to the top of the pumps. The pumps appear to be made of a dark material, possibly rubber or plastic, and have a cylindrical shape with a flange at the bottom. The background is a plain, light-colored wall.
